A SPECIAL THANK YOU
This year, many artists are opening their studios, and we are engaging with the public at the Milton Historic Train Station to show artists' processes and new work. A special thanks to the Town of Marlborough for continued support in our endeavors, the Sarah Hull Hallock Free Library, and Neil Granholm for serving as Welcome Centers. Thank you to the MaArCo board: Jennie Duke, Jerry Wein, and Veronica Evanega for their tireless efforts in helping these events come to fruition. Also, thanks to Joseph Caserto for helping create this map. And finally, a heartfelt appreciation is needed to acknowledge each artist's efforts in their work. Thank you for supporting your local artists. Enjoy the 2024 Marlborough Open Studio Tour!
